

WECO-MATIC

Vakuum-Verpackungsmaschinen

F90

Our standing unit especially for fish packaging

WECO-MATIC offers an ideal vacuum packaging system for keeping food fresh at normal refrigerator temperature. Housing and chamber of our machines are completely made of stainless steel and even meet the hygiene requirements in the medical field.

The F90 equipped with the following features:

- Flat lid for a faster packing process.
- Precise setting of vacuum and sealing time as well as soft ventilation, pump maintenance program.
- Double separation welding (without disturbing cables in the chamber), the protruding edge of the bag becomes simple separated.

Max. bag size: 300 x 700 mm

Technical Specifications

External dimensions in cm (W x D x H)	46 x 105 x 95
Chamber size in cm (W x D x H)	33 x 99 x 10
Sealing length in cm	2x 31
Distance between sealing bars in cm	89
Vacuum pump in m ³ /h	63
Voltage in Hz	400 V-3-50
Power consumption (j) ²	0,75-1 kW
Weight in KG	ca. 165

Extra Features

Sensor control (for precise end vacuum)	+
Programmable controller	standard
Gas flushing (MAP)	+
Soft ventilation	standard
2. Sealing bar ²	standard
Angle seal	+
1-2 separation seal	+

Accessories

Angled insert	-
Insert plates	standard
Mobile base (48 x 60 x 57 cm)	-
GreenVac connection	-
